

## Voluntary Stewardship Program participation results in:

1

Farm Plan Development / Update

2

Eligible for Cost Share Funding

3

Best Management Practices

4

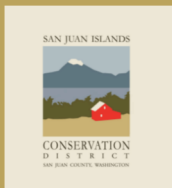

Promote Land Stewardship

5

Focus on Farm Resources Not Regulation

VSP guides agricultural use within these Critical Areas:

- ◆ Critical Aquifer Recharge Areas
- ◆ Frequently Flooded Areas
- ◆ Fish and Wildlife Habitat Conservation Areas
- ◆ Geologic Hazard Areas
- ◆ Wetlands

*Land management that benefits both the owner and the land.*
